CONTENTS

1. Introduction	100
1.1. Vision	101
1.2. Methodology for roadmapping	101
1.2.1. <i>What is a roadmap?</i>	102
1.2.2. <i>How is the roadmap built up?</i>	102
1.2.2.1. <i>Where are we now?</i>	102
1.2.2.2. <i>Where do we want to be?</i>	104
1.2.2.3. <i>What is stopping us from getting there?</i>	104
1.2.2.4. <i>What has to be done to overcome these barriers?</i>	104
2. Defining a smart textile system	104
2.1. Definition of smart textiles	104
2.1.1. <i>Sensing</i>	107
2.1.2. <i>Actuating function</i>	108
2.1.3. <i>Data processing</i>	109
2.1.4. <i>Power supply and storage</i>	109
2.1.5. <i>Communication</i>	109
2.1.6. <i>Interconnection</i>	112
3. Research and product landscape – where are we now?	114
3.1. Research	114
3.1.1. <i>WEALTHY</i>	116
3.1.2. <i>WearIT@work</i>	117
3.1.3. <i>MyHeart</i>	117
3.1.4. <i>MERMOTH</i>	117
3.1.5. <i>Avalon</i>	118
3.1.6. <i>Biotex</i>	118
3.1.7. <i>ProeTEX</i>	119
3.1.8. <i>Stella</i>	119
3.1.9. <i>OFSETH</i>	120
3.1.10. <i>Lidwine</i>	120
3.1.11. <i>INTELTEX</i>	120
3.2. Products	121
3.3. Stages of maturity	125
3.3.1. <i>Research</i>	125
3.3.2. <i>Prototyping</i>	125
3.3.3. <i>Certification</i>	125
3.3.4. <i>Commercial introduction</i>	126
3.3.5. <i>Technical maturation and wider commercial use</i>	126
4. Smart textile market potential – where do we want to be?	128
4.1. Forecast through a Delphi study	128

4.1.1.	<i>Methodology</i>	128
4.1.2.	<i>Results</i>	129
4.1.3.	<i>Key processes and technologies</i>	133
4.2.	Other forecasting studies	133
4.2.1.	<i>Forecasted application areas</i>	134
4.3.	Technological evolution and scenarios	135
4.3.1.	<i>Scenario 1 – elderly people and interior textiles in 2020</i>	136
4.3.2.	<i>Scenario 2 – healthcare and anti-headache cap in 2020</i>	136
4.3.3.	<i>Scenario 3 – protective workwear in 2020</i>	136
4.3.4.	<i>Scenario 4 – healthcare and surgery in 2030</i>	137
4.3.5.	<i>Scenario 5 – fashion in 2030</i>	138
5.	Barriers and drivers to progress and possible solutions – what is stopping and what encourages us getting there?	139
5.1.	Costs	140
5.2.	Technological barriers	140
5.2.1.	<i>Education, knowledge and training of staff</i>	140
5.2.2.	<i>Standards and quality system</i>	141
5.2.3.	<i>Interconnection of components</i>	141
5.2.4.	<i>Others</i>	141
5.3.	Societal and economic barriers	142
5.3.1.	<i>Ethics</i>	142
5.3.2.	<i>Security, safety and health constraints</i>	142
5.3.3.	<i>Promotion of product</i>	142
5.3.4.	<i>Awareness and acceptance of the product/technology</i>	142
5.3.5.	<i>Ease of use, operating and handling</i>	143
5.3.6.	<i>Characteristics of the market</i>	143
5.3.7.	<i>Product life cycle</i>	144
5.4.	Strategic barriers	145
5.4.1.	<i>Funding and availability of finances</i>	145
5.4.2.	<i>Standardisation of process, industrial manufacturing, scaling-up</i>	145
5.4.3.	<i>Funding and availability of resources</i>	145
5.4.4.	<i>Partnerships and alliances, collaboration</i>	146
5.5.	Drivers	146
6.	Specific market studies	149
6.1.	Healthcare market	150
6.1.1.	<i>Main barriers for smart textiles in the healthcare sector from the experts' perspective</i>	152
6.1.2.	<i>Main drivers for smart textiles in the healthcare sector</i>	155
6.2.	Automotive industry	156
6.2.1.	<i>Barriers for smart textiles in the automotive sector</i>	157
6.2.2.	<i>Drivers for smart textiles in the automotive sector</i>	157
6.3.	Protective clothing	160
6.3.1.	<i>Barriers for smart textiles in the protective clothing sector</i>	161
6.3.2.	<i>Drivers for smart textiles in the protective clothing sector</i>	162
6.4.	Interior textiles (carpet) and construction (building)	163

6.4.1.	<i>Barriers for smart textiles in the construction sector/interior textile sector</i>	165
6.4.2.	<i>Drivers for smart textiles in the construction sector/interior textile sector</i>	166
6.5.	Communication and entertainment	167
6.5.1.	<i>Barriers for smart textiles in the entertainment/communication sector</i>	169
6.5.2.	<i>Drivers for smart textiles in the entertainment/communication sector</i>	169
6.6.	Comparison of addressed markets	170
6.7.	Major components in smart textile systems	171
6.7.1.	<i>Barriers according to different markets</i>	172
6.7.2.	<i>Drivers according to different markets</i>	174
7.	Overall recommendations – what do we do next?	175
