

The Twenty-First Edition

CANNING HANDBOOK ON ELECTROPLATING

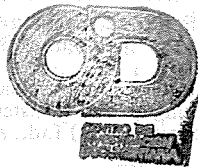

POLISHING

ELECTROPLATING

ANODIC OXIDATION

LACQUERING &

BRONZING

Published by

W. CANNING & CO. LTD.

Gt. Hampton St., Birmingham 18.

CONTENTS

Polishing

Chapter 1	Polishing Equipment	3
Chapter 2	Polishing Methods:	
	Part "A"—Techniques	25
	Part "B"—Specific applications	49
Chapter 3	Polishing of Plastics	62
Chapter 4	Barrel Finishing	69
Chapter 5	Wire Brushing	87

Electroplating

Chapter 6	Electroplating Equipment	103
Chapter 7	Electrical Equipment	197
Chapter 8	Layout and Installation	225
Chapter 9	General Principles of Electroplating	245
Chapter 10	Cleaning Preparatory to Electroplating	266
Chapter 11	Pickling and Dipping	310
Chapter 12	Electrolytic and Chemical Processes for the Polishing and Brightening of Metals	330
Chapter 13	Nickel Plating	341
Chapter 14	Chromium Plating	407
Chapter 15	Hard Chromium Deposition	445
Chapter 16	Copper Plating	465
Chapter 17	Printing Applications, Electroforming	515
Chapter 18	Brass Plating	540
Chapter 19	Silver Plating	552
Chapter 20	Gilding (Gold Plating)	577
Chapter 21	Cadmium Plating	591
Chapter 22	Zinc Plating	612
Chapter 23	Passivation Processes	639
Chapter 24	Tin and Tin Alloy Plating	649
Chapter 25	Lead and Indium Plating	676
Chapter 26	Rhodium, Palladium and Platinum Plating	681
Chapter 27	The Plating of Plastics and Non-Metallic Materials	683

Plating—continued

Chapter 28	Anodic Oxidation of Aluminium and Surface Treatment of Magnesium	695
Chapter 29	Process Control	728
Chapter 30	Effluent Treatment	793

Lacquering and Bronzing

Chapter 31	Lacquers and Lacquering	805
Chapter 32	Bronzing and Metal Colouring	822

Safety Precautions

Chapter 33	Safety Precautions in the Plating Shop	837
------------	--	-----

Tables

Abbreviations	x
Polishing Speeds	95, 97
Metric Conversion—Mop Diameter and Surface Speeds	96
Tank Linings	147
Current Capacity of Busbars	209, 210
Valencies of Metals	253
Equivalent Weight of Metals	253
Electroplating Data	852
Metric Conversions	854
millimetres to inches	856
microns to inches	857
grammes to ounces	858
gram per litre to oz per gal	859
amp per square decimetre to ampere per square ft	860
Stress	861
Pressure	862
Hydrometer Scales	855
Temperature Scales	853
Properties of Metals	850, 851
Calculation of Surface Areas and Volumes	863
Index	864
