# WHITE PAPER ON TAIWAN INDUSTRIAL TECHNOLOGY

(The Condensed Version of the Chinese Edition)

**DoIT**

*Department of Industrial Technology*

**Ministry of Economic Affairs**

# Contents

## Part I. Overview of Industrial Technology in Taiwan

<b>Chapter 1. Current Status and Outlook of Industrial R&amp;D and Innovation Activities in Taiwan .....</b>	<b>3</b>
<b>Chapter 2. Direction and Focus of Policies on Industrial Technology Development in Taiwan .....</b>	<b>9</b>

## Part II. Introduction to the Development of Industrial Technology in Taiwan

<b>Introduction .....</b>	<b>17</b>
---------------------------	-----------

### Chapter 1. Innovation, Research and Development

Section 1: Prospects for The Development of Innovative Technology.....	23
Section 2: Establishment of R&D Centers in Taiwan by Overseas Enterprises.....	31
Section 3: Information Technology enabled Services (ITeS).....	37

### Chapter 2. Electronics, Information, Communications and Optoelectronics

Section 1: Electronics Technology .....	43
Section 2: Communications Technology .....	51
Section 3: Optoelectronics Technology.....	59
Section 4: Information Technology.....	67

### Chapter 3. Mechanical, Mechatronics and Transportation

Section 1: Machinery Technology .....	79
Section 2: Transportation Technology.....	95
Section 3: Automation Technology.....	113

### Chapter 4. Biotechnology, Pharmaceuticals and Food

Section 1: Biopharmaceutical Technology .....	119
Section 2: Biomedical Device Technology .....	135
Section 3: Bioresources Technology.....	141
Section 4: Food Technology.....	145

**Chapter 5. Materials and Chemicals**

Section 1: Textiles Technology ..... 151  
 Section 2: Materials Technology ..... 163  
 Section 3: Chemicals Technology ..... 177

**Chapter 6. Energy and Environmental Protection**

Section 1: Energy Technology ..... 187  
 Section 2: Environmental Protection Technology ..... 195

**Part III. Key Issues in the Development of Industrial Technology in Taiwan**

**Chapter 1. A Bright Future for Taiwan's Industries: Maximizing the Industrial Value of Every Technology Development Program** ..... 205

**Chapter 2. International Science and Technology Collaboration- Current Status and Future Prospects Related to Industrial Promotion**..... 209

**Chapter 3. Manufacturing Strategies in Taiwan: the Value Creation Perspective** ..... 213

**Chapter 4. Taiwan's Industrial Technology Development: Vision and Strategies for 2015** ..... 217

**Chapter 5. New Policy Approaches toward Region-oriented Industrial Innovation** ..... 221

**Chapter 6. Opportunities for Taiwan's Information Technology Services Industry through Global Outsourcing** ..... 225

**Appendix**

**Index**..... 231

**Useful Industrial Technology Websites (Taiwan)** ..... 235

## Tables

Table 1-1-1	Strengths and Weaknesses of Taiwan's RDI Activities .....	4
Table 2-6-1-3-1	Comparison of Various Portable Fuel Cell Technologies .....	189
Table 3-4-1	Important Industrial Technology Clusters for Taiwan between Now and 2015 .....	218
Table 3-6-1	Competitiveness of Taiwanese IT Service Providers in Each Outsourcing Types .....	226
