Contents

1 Introduction to the Fire Officer 2

Introduction.....4

Fire Officer I.....4

Fire Officer II.....5

Roles and Responsibilities of a Fire Officer.....5

Roles and Responsibilities for Fire Officer I.....5

Additional Roles and Responsibilities for Fire

Officer II.....6

Fire Service in the United States.....6

History of the Fire Service.....7

Fire Equipment.....8

Communications.....8

Building Codes.....9

Paying for Fire Service.....10

Training and Education.....10

Fire Department Organization.....10

Source of Authority.....10

Chain of Command.....11

Basic Principles of Organization.....11

Other Views of Organization.....12

The Functions of Management.....13

Rules and Regulations, Policies, and

Standard Operating Procedures.....15

Working with Other Organizations.....15

21st-Century Fire Officer Challenges.....15

Explosion of Nonfire Incidents.....15

Deterioration, or Crumbling, of the Built

Environment.....16

Protecting the Homeland.....16

Cultural Diversity.....16

Ethics.....17

Summary.....17

2 Preparing for Promotion 22

Introduction to Preparing for Promotion.....25

The Origin of Promotional Examinations.....25

Sizing Up Promotion Opportunities.....25

Postexamination Promotional Considerations.....26

Preparing a Promotional Examination.....26

Charting the Required Knowledge, Skills, and

Abilities.....27

Promotional Examination Components.....27

Multiple-Choice Written Examination.....27

Assessment Centers.....30

Emergency Incident Simulations.....31

Interpersonal Interaction.....32

Writing or Speaking Exercise.....33

Technical Skills Demonstration.....33

Preparing for a Promotional Examination.....34

Building a Personal Study Journal.....34

Preparing for Role Playing.....36

Summary.....36

3 Fire Fighters and the Fire Officer ... 40

Introduction to the Fire Officer's Job.....42

The Fire Officer's Tasks.....42

Example of a Typical Fire Station Workday...44

Typical Volunteer Duty Night.....45

The Transition from Fire Fighter to Fire Officer...45

Fire Officer as Supervisor-Commander-Trainer...46

Supervisor.....46

Commander.....46

Trainer.....47

The Fire Officer's Supervisor.....49

Integrity and Ethical Behavior.....50

Integrity.....50

Ethical Behavior.....50

Workplace Diversity.....52

The Fire Officer's Role in Workplace

Diversity.....52

The Fire Station as a "Business Work

Location".....54

Summary.....56

4 Understanding People: Management Concepts..... 60

Introduction to Management Concepts.....62

Managing People.....62

Scientific Management.....63

Frederick Winslow Taylor.....63

Humanistic Management.....64

McGregor: Theory X and Theory Y.....64

Maslow: Hierarchy of Need.....65

Blake and Mouton's Managerial Grid.....67

Applying Human Resource

Management Principles.....68

Utilizing Human Resources.....70

Mission Statement.....71

Getting Assignments Completed.....71

Summary.....72

5 Organized Labor and the Fire Officer 76

Introduction to Organized Labor and the Fire Officer.....78

Legislative Framework for Collective Bargaining.....79

Norris-LaGuardia Act of 1932 79

Wagner-Connery Act of 1935 79

Taft-Hartley Labor Act of 1947 80

Landrum-Griffin Act of 1959 80

Collective Bargaining for Federal Employees . . 80

State Labor Laws 80

The International Association of Fire Fighters . . 81

Organizing Fire Fighters into Labor Unions . . 82

Labor Actions in the Fire Service 82

Striking for Better Working
Conditions: 1918–1921 83

Striking to Preserve Wages and
Staffing: 1931–1933 83

Staffing, Wages, and Contracts:
The 1973–1980 Fire Fighter Strikes 83

Negative Impacts of Strikes 83

**Establishing a Strong Supervisor/Employee
Relationship 83**

Positive Labor–Management Relations 84

The Growth of IAFF as a Political Powerhouse . 88

Labor–Management Alliances 88

Fire Fighter Safety and Deployment Study . . 88

EMS Systems Performance Measurement . . . 88

The IAFC/IAFF Labor–Management Initiative . 89

Fire Service Joint Labor–Management
Wellness-Fitness Task Force 89

The Fire Officer’s Role as a Supervisor 89

Application Example: A Grievance Procedure . 90

Summary 92

6 Safety and Risk Management 96

Introduction to Safety 99

Fire Fighter Death and Injury Trends 99

Sudden Cardiac Arrest 100

Struck by or Contact with an Object 101

Caught or Trapped 102

Everyone Goes Home 102

National Fire Fighter Near-Miss Reporting
System 103

Reducing Deaths from Sudden
Cardiac Arrest 104

Reducing Deaths from Motor Vehicle
Collisions 104

Reducing Deaths from Fire Suppression
Operations 105

Incident Safety Officer 108

Incident Safety Officer and Incident
Management 108

Qualifications to Operate as an Incident
Safety Officer 110

Assistant Incident Safety Officers at Large or
Complex Incidents 111

Incident Scene Rehabilitation 111

**Creating and Maintaining a Safe Work
Environment 111**

Safety Policies and Procedures 111

Emergency Incident Injury Prevention 112

Fire Station Safety 112

Infection Control 113

Infectious Disease Exposure 114

Accident Investigation 114

Accident Investigation and Documentation . 114

Data Analysis 115

Postincident Analysis 115

Mitigating Hazards 116

Summary 116

7 Training and Coaching 120

Introduction to Training and Coaching 122

Training versus Education 122

Academic Accreditation 123

Fire Fighter Certification Programs 123

Accreditation of Certification Programs 123

Overview of Training 124

Fire Officer Training Responsibilities 125

Review of the Four-Step Method 125

Ensure Proficiency of Existing Skill Sets . . . 128

Mentoring 128

Provide New or Revised Skill Sets 128

Ensure Competence and Confidence 129

When New Member Training Is On-the-Job . . 129

Skills That Must Be Immediately
Learned 129

Skills Necessary for Staying Alive 132

Live Fire Training 132

Student Prerequisites 133

Fire Officer Preparation Responsibilities . . . 133

Prohibited Live Fire Training Activities 133

Developing a Specific Training Program 134

Assess Needs 134

Establish Objectives 134

Develop the Training Program 134

Deliver the Training 135

Evaluate the Impact 135

Building a Professional Development Plan . . 135

Supervising Fire Officer Preparation 135

Managing Fire Officer

Chief Fire Officer and Chief Medical
Officer

Summary

8	Evaluation and Discipline	140		
	Introduction to Evaluation and Discipline	142		
	Evaluation	142		
	Starting the Evaluation Process with a New Fire Fighter	143		
	Annual Evaluations	144		
	Conducting the Annual Evaluation	145		
	Evaluation Errors	146		
	Providing Feedback After an Incident or Activity	147		
	Discipline	148		
	Positive Discipline: Reinforcing Positive Performance	148		
	Negative Discipline: Correcting Unacceptable Behavior	151		
	Documentation and Record Keeping	154		
	Employee Assistance Program	154		
	Summary	155		
9	Leading the Fire Company	160		
	Introduction to Leadership	162		
	The Fire Officer as a Follower	162		
	Leadership Styles	163		
	Power	164		
	Motivation	164		
	Reinforcement Theory	164		
	Motivation-Hygiene Theory	164		
	Goal-Setting Theory	165		
	Equity Theory	165		
	Expectancy Theory	165		
	Leadership in Routine Situations	165		
	Emergency Scene Leadership	165		
	Methods of Assigning Tasks	167		
	Critical Situations	167		
	The Dispatch Center	169		
	Other Responding Units	169		
	Fire Officer Challenges in the 21st Century	169		
	Fire Station as Municipal Work Location versus Fire Fighter Home	169		
	Leadership in the Volunteer Fire Service	170		
	Summary	170		
10	Working in the Community	174		
	Introduction to Working in the Community	176		
	Understanding the Community	177		
	Risk Reduction	178		
	Responding to Public Inquiries	180		
	Public Education	181		
	National and Regional Public Education Programs	182		
	Locally Developed Programs	184		
	Media Relations	185		
	The Fire Department Public Information Officer	186		
	Press Releases	187		
	The Fire Officer as Spokesperson	188		
	Summary	189		
11	Handling Problems, Conflicts, and Mistakes	194		
	Introduction to Problems	196		
	Complaints, Conflicts, and Mistakes	196		
	General Decision-Making Procedures	197		
	Define the Problem	197		
	Generate Alternative Solutions	198		
	Select a Solution	199		
	Implement the Solution	199		
	Evaluate the Results	200		
	Managing Conflict	201		
	Personnel Conflicts and Grievances	201		
	Conflict Resolution Model	203		
	Investigate	203		
	Take Action	204		
	Follow Up	205		
	Emotions and Sensitivity	205		
	Citizen Complaints	205		
	Policy Recommendations and Implementation	206		
	Recommending Policies and Policy Changes	206		
	Implementing Policies	206		
	Customer Service versus Customer Satisfaction	207		
	Complainant Expectations	207		
	Summary	207		
12	Pre-Incident Planning and Code Enforcement	212		
	Introduction to Pre-Incident Planning and Code Enforcement	215		
	The Fire Officer's Role in Community Fire Safety	215		
	Pre-Incident Planning	215		
	A Systematic Approach	216		
	Putting the Data to Use	220		
	Understanding Fire Codes	220		
	Building Code versus Fire Code	220		

State Fire Codes	220	Selected Use Group–Specific Concerns	234
Local Fire Codes	221	Public Assembly	234
Model Codes	221	Business	235
Retroactive Code Requirements	222	Educational	235
Understanding Built-in Fire Protection		Factory Industrial	235
Systems	222	Hazardous	235
Water-Based Fire Protection Systems	222	Health Care	235
Special Extinguishing Systems	224	Mercantile	235
Fire Alarm and Detection Systems	225	Residential	235
Understanding Fire Code Compliance		Special Properties	236
Inspections	225	Detention	236
Fire Company Inspections	225	Storage	236
Classifying by Building or Occupancy	225	Mixed	236
Construction Type	225	Emergency Management and Business	
Occupancy and Use Group	228	Continuity Plans	236
Assembly	228	Risk Assessment	236
Business	228	Incident Prevention	236
Educational	229	Mitigation	237
Industrial	229	Resource Management and Logistics	237
Health Care	229	Publishing the Plan	237
Detention and Correctional	229	Training, Exercises, and Evaluation	237
Mercantile	229	Summary	237
Residential	229		
Storage	230	13 Budgeting and Organizational	
Mixed	230	Change	242
Unusual	230	Introduction to Budgeting	245
NFPA 704 Marking System	230	The Budget Cycle	245
Preparing for an Inspection	230	Base and Supplemental Budgets	246
Reviewing the Fire Code	231	Revenue Sources	247
Review Prior Inspection Reports, Fire History, and Pre-Incident Plans	231	Local Government Sources	247
Coordinate Activity with the Fire Prevention Division	231	Volunteer Fire Departments	247
Arrange a Visit	231	Grants	248
Assemble Tools and References	231	Nontraditional Revenue Sources	249
Conducting the Inspection	232	Expenditures	249
General Overview	232	Personnel Expenditures	249
Meet with the Representative	232	Operating Expenditures	249
Inspecting from the Outside		Capital Expenditures	250
in, Bottom to Top	232	Bond Referendums and Capital Projects	251
Exit Interview	233	Lower Revenue Means Fewer	
Writing the Inspection/Correction Report	233	Resources	251
General Inspection Requirements	233	Lower Revenue Options	251
Access and Egress Issues	233	The Purchasing Process	253
Exit Signs and Egress Lighting	233	Petty Cash	255
Portable Fire Extinguishers	233	Purchase Orders	255
Inspecting Built-in Fire		Requisitions	255
Protection Systems	234	The Bidding Process	255
Electrical	234	Navigating the Budgetary Process	
Special Hazards	234	Developing a Budget Proposal	
Hazard Identification Signs	234	Overview of Fire Fighter Safety and (FFSL) program	

FFSL Annual Personnel and Operating Expenditures	256	Blogs, Video Sharing, and Unofficial Websites	281
FFSL Capital Budget	257	Summary	281
Ask for Everything You Need	257	15 Managing Incidents	284
Cost Recovery and Reduction	257	Introduction to Managing Incidents	287
Organizational Change	259	Incident Management in the “New Normal”	287
Preparing for a Change Opportunity	259	FIRESCOPE and Fire Ground Commander	287
Budgeting for Change	259	Developing One System	288
The Process of Organizational Change	259	The Fire Officer’s Role in Incident Management	289
Summary	260	Levels of Command	290
14 Fire Officer Communications	264	Strategic-Level Incident Management	290
Introduction to Fire Officer Communication	267	Responsibilities of Command	290
The Communication Process	267	Establishing Command	290
The Communication Cycle	267	Command Options	291
The Basics of Effective Communication		Functions of Command	292
Skills	269	Transfer of Command	293
Active Listening	269	Fire Fighter Accountability	293
Stay Focused	269	After the Transfer of Command: Building the Incident Management System	294
Ensure Accuracy	269	Command Staff	294
Keep Your Supervisor Informed	270	General Staff Functions	295
The Grapevine	270	Tactical Level of Incident Management	297
Overcoming Environmental Noise	270	Divisions, Groups, and Units	297
Emergency Communications	271	Branches	298
“Unit Calling, Repeat”	271	Location Designators	298
Initial On-Scene Size-Up	271	Fire Officer Greater Alarm Responsibilities	298
Using the Order Model	272	Staging	298
Radio Reports	272	Task Level of Incident Management	299
Written Communications	272	Task Forces and Strike Teams	299
Informal Communications	272	Greater Alarm Infrastructure	300
Formal Communications	272	Post-incident Review	300
Standard Operating Procedures	272	Preparing Information for an Incident Review	300
General Orders	273	Conducting a Critique	302
